## About ECS

The mission of the Environmental Charter Schools (ECS) is to reimagine public education in low-income communities of color to prepare conscious, critical thinkers who are equipped to graduate from college and create a more equitable and sustainable world. Environmental Charter Schools (ECS) is a non-profit charter management organization with a growing network of free public schools in South Los Angeles.

Environmental Charter Schools create and refine engaging, project-based, environmentally-themed, arts-integrated, social-justice driven, interdisciplinary curricula and assessments.

Since its inception in 2000, ECS has been providing students with a unique learning experience that utilizes environmental service learning to inspire our students to find authentic meaning in their studies. ECS now proudly serves over 1,300 students at two middle schools (Gardena and Inglewood) and two high schools (Lawndale and Gardena). ECS' student achievement outcomes include: ECHS Lawndale ranks in the top 2% of public high schools in U.S. News & World Report, 100% of students graduate high school with the coursework necessary for admission to a four-year college or university, and 97% of students are admitted into a four-year college. Most of our students will be the first in their family to graduate from college.
