Job Description

HEALTH ASSISTANT

BASIC FUNCTION

Under general supervision of administrator and registered nurse, responsible for assisting a school nurse in providing health care services for students and maintaining health data and records.

MAJOR DUTIES AND RESPONSIBILITIES (may include, but not limited to the following)

- Administer first-aid for the purpose of providing appropriate care for ill and/or injured students.
- Assist nurse, students and other school personnel for the purpose of monitoring and delivering health services.
- Assist school nurse with vision, hearing, scoliosis screening, and other required medical tests.
- Maintain health office in a clean and sanitary condition (e.g. sinks, counters, equipment, cots); maintain health equipment and supplies.
- Maintain electronic and paper files, logs and records (e.g. medical emergency cards, health records, mandated screenings, etc.) for the purpose of providing information required by legal and professional standards.
- Report suspected vision and hearing problems to the school nurse.
- Assist with the dispensing of medication according to a health care provider's written orders.
- Contact parents and/or emergency facilities when appropriate.
- Prepare and maintain documentation (e.g. daily logs, medication logs, accident reports, student visits and actions taken) for the purpose of providing written support and/or conveying information.
- Provide information on health related issues for the purpose of instructing teachers, students and/or parents on various health subjects (e.g. lice, drug prevention, personal hygiene, planned parenthood, etc).
- Refer students requiring further medical attention for the purpose of providing needed medical/dental treatment, counseling, etc., to the nurse.
- Consult with the school nurse and local public health authorities when reporting students with contagious diseases for the purpose of minimizing infection and complying with the law.
- May assist other personnel for the purpose of supporting them in the completion of their work activities.
- Screen student records for proper immunizations; alert parents of needed immunizations and maintain communication until required records are provided; assure immunization records comply with State laws.
- Respond to inquiries of staff, the public, parents and/or students for the purpose of providing information and/or direction.

- Serve as a liaison between the School Nurse, staff, parents and community.
- Supervise students in health office.
- Provide information to students on accessing community resources.
- Perform miscellaneous clerical and reception duties; prepare health bulletin boards.
- May perform procedures that include, but are not limited to, catheterizations, toileting, tracheotomy suctioning and care, anaphylactic injections, insulin reactions, and other activities similar in nature under the appropriate level of school nurse supervision.
- Other related work as required.

QUALIFICATIONS

Knowledge of:

1. Basic methods used for cleaning and sanitizing.
2. Physical symptoms of common childhood and adolescent disease.
3. Correct English usage, spelling, grammar, punctuation, and mathematical concepts.
